MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CY12 PROJECTED REDUCTIONS IN FORCE (RIF) AT NAVY ACTIVITIES

Encl: (1) List of CY2012 Anticipated Downsizing in the  
Department of the Navy

1. Appreciating your interest in the current plans, programs and policies of the Department of the Navy, please be advised that the Navy is planning to conduct a number of civilian personnel reductions in force (RIF) at various locations worldwide during calendar year 2012 (CY12). Like other services and organizations within the Department of Defense, the Navy adjusts its civilian workforce to complement its force structure.

2. The Department of the Navy accomplishes civilian force structure adjustments under the Department of Defense's separation incentive programs (SIP). Under these programs, eligible employees who choose to voluntarily leave government service receive cash incentives. If the necessary reduction levels have not been reached after the maximum use of separation incentive programs, the Navy would then be required to conduct involuntary reductions to meet appropriate civilian manning levels.

3. Enclosure (1) is a list of Navy activities at which authority to RIF has been requested for CY12. The list projects the maximum potential downsizing at several hundred Navy and Marine Corps facilities worldwide and does not reflect the number of personnel who will actually be separated. Of these 5,814 positions, the maximum projected number of involuntary reductions is 3,215 employees. However, with incentive programs, aggressive out-placement efforts within the Department of Defense Priority Placement Program, job fairs and referrals to private companies and to other Federal and State agencies, the number of employees actually involuntarily separated each year has historically been a small fraction of the potential reductions. In each of the last three calendar years, the actual number of employees involuntarily separated has been less than 3 percent of the potential involuntary separations. For CY11, 58 employees out of the projected 2,050 employees subject to RIF, or 2.8 percent, were involuntarily separated.

ALL redactions throughout this document are based on 5 U.S.C. § 552 (b)(6), since release of this information would constitute a clearly unwarranted invasion of the individual's personal privacy - Names and phone numbers have been removed.

Subj: CY12 PROJECTED REDUCTIONS IN FORCE (RIF) AT NAVY ACTIVITIES

4. Every effort will be made to assist in the out-placement of all affected personnel. Should you have further questions regarding this matter, the Office of Legislative Affairs point of contact is [REDACTED]

Sincerely,

M. E. DAVIS  
Captain, U.S. Navy  
Deputy Chief of Legislative  
Affairs
